Division of Hydropower Licensing Project No. 14869-000

Docket P-14869-000
Re: Progress Report Sacaton Energy Storage Project

Dear Ms. Bose and Mr. Konnert,

Please find Ramm Power Group LLC's progress report on our Sacaton Energy Storage Project (Docket P-14869-000).

Progress to date

During the Last six months (July 2019 – January 2020) of the Sacaton Energy Storage Project, Ramm Power Group (Ramm) has been focused on the following:

- Evaluated capacities for project optimization.
- Completed project drawings in anticipation of licensing application meetings.
- Finalized the design of the Sacaton PSH facility in preparation for submission of the NOI, Request to Utilize the Traditional Licensing Process (TLP) and formation of the Pre- application Document (PAD) for the Sacaton Project.
- Prepared Draft copy of NOI for submission with Traditional Licensing Process still the choice of licensing options.
- Prepared Draft Copy of PAD for submission.

Planned Progress Next Six Months

- Submit NOI, Request to utilize Traditional Licensing Process (TLP) and the Pre-Application document.
- Provide Documents to all resource agencies, Indian tribes, and members of the public likely to be interested in the proceeding.
- Publish notice of the filing of its NOI, the Pre-Application Document, and of the request to use the TLP.
- Schedule Consultation meeting with agencies, tribes and public discuss the notice of commencement and project details.

Should any questions or concerns arise from this progress report, please contact Ramm for clarification.

Warm regards,

Mike Werner
